You will find that our values run deep and are represented throughout our work with our young people - see our [website](#)

We are proud to be a fully inclusive comprehensive school and value every young person within our community. Teachers tell me they like teaching here because they get to extend themselves and feel they share their subject at the highest level. Equally, teachers tell me they get a real feeling of satisfaction from teaching some of those in our society who face the biggest challenges. We try to make it happen for every student, whatever their starting point in life. We work tirelessly to educate young people for academic success and for life.

If you apply for this post, you will be joining a team that is deeply committed to young people, that believes there are no limits to what a young person can achieve. You join a team who are engaged in their own learning and continually strive to develop their own practice and share with each other to improve our collective impact on young people.
