January 2020

Dear Applicant

Thank you for your interest in the post of **Design and Technology Technician** at St Katherine's School.

St Katherine's is a medium sized 11-19 mixed comprehensive school. We are situated on the edge of Bristol in a beautiful rural environment and enjoy excellent transport links. Although we are a North Somerset Local Authority School, the vast majority of our young people live in the neighbouring authority of Bristol and make a positive choice to travel out of the city each day to enjoy the vast wealth of opportunities that St Katherine's has to offer.

We were delighted to join Cathedral Schools Trust (CST) in January 2019 and this partnership is already having a very positive impact on our school. Our staff place great value on their continuing professional development and this remains a priority for the school each year as we focus on what makes the difference - the classroom.

Students, staff, parents/carers and governors are very proud of our school and its achievements. We were left disappointed in March 2018 with our Requires Improvement judgement from Ofsted and we have remained committed to delivering on our Quality Improvement. We continue to deliver a high quality education for all our young people, focusing on the whole child with equal value being placed on outcomes and character. We were delighted with our improvements in 2018. We have been oversubscribed for the last two years and are confident we are rapidly becoming a very good school. Further information about the school can be found on the school [website](#)
