

St Katherine's School

28 February 2020

Dear Parent/Carer

### **Update on Covid-19**

Thank you to all members of our community for their vigilance and cooperation this week which has been unsettling for all. We will continue to monitor developments over the weekend and will communicate any necessary updates via our website, Facebook page and email.

A reminder of the symptoms that may develop in the 14 days after exposure to someone who has Covid-19 infection:

- persistent cough
- difficulty in breathing
- fever

The advice we continue to receive from Public Health England is for anyone showing symptoms to self isolate for 14 days and call 111 for further testing. Those without symptoms should continue as normal and attend school.

We continue to discuss the topic with students and reassure them with the actions we are taking. We encourage you to discuss this with your child/children to further support them. We continue to remind students of the importance of sticking to the facts and asking for clarification if they are unsure.

Should you have any concerns please do not hesitate to contact us at school.

Yours sincerely

Justin Humphreys  
**Headteacher**
