

Careers Programme Overview (2025/2026) St Katherines School

Vision Statement

At St Katherine's School, we are committed to engaging students in careers education and employability from the moment they begin in Year 7. This is achieved through a structured programme that includes dedicated careers lessons and workshops, employer encounters, careers fairs, guest speaker sessions, and regular use of the Unifrog platform.

Milestones and Learning Outcomes

Key Events and Experiences

Year 12

Year 12

Milestones and Learning Outcomes 1

Key Events and Experiences 1

Year 12 Assemblies

Aim: To deliver a wide range of informative assemblies that raise students' awareness of post-18 options and potential career pathways.

Outcomes: By attending weekly assemblies, students will gain a deeper understanding of life beyond school. They will be better informed about opportunities through university, apprenticeships, employment, and the wider world of work. The assembly program is designed to provide diverse experiences and insights, exposing students to pathways and opportunities they may not have previously considered or encountered.

Career insights
Employer encounters
University talks
Apprenticeship workshops
Student Finance
Gap year opportunities
Ex student talks

Milestones and Learning Outcomes 2

Key Events and Experiences 2

Year 12 Enrichment Program

Aim: To deliver targeted workshops focused on the world of work, university life, apprenticeships, employer insights, and career pathways.

Outcomes: Students will be supported in achieving their post-18 goals through a wide range of targeted activities and workshops. These will include study skills sessions, employer-led workshops, higher and further education workshops, opportunities to learn about student life, work experience placements, and career insight events. Together, these experiences will provide students with the knowledge and confidence they need to make informed decisions about their post-18 pathway.

6th form Study Skills day

Key Events and Experiences 1

Year 13 Assemblies

Aim: To deliver a broad programme of informative assemblies that support students in making confident, informed decisions about their post-18 pathways.

Outcomes: By attending weekly assemblies, students will gain a deeper understanding of life beyond school. They will be better informed about opportunities through university, apprenticeships, employment, and the wider world of work. This will support students in their next steps when leaving school and deciding what to do post 18.
